

## HUMANITIES (COURSE 21)

Department of Humanities (<http://catalog.mit.edu/interdisciplinary/undergraduate-programs/degrees/humanities>)

### Bachelor of Science in Humanities

All options in this major are by special arrangement, requiring approval by the Dean of the School of Humanities, Arts, and Social Sciences (SHASS). The approval process requires students to designate two communication-intensive (CI-M) subjects in their proposed program of study at the time they submit their proposal for review. The proposed CI-M subjects will be reviewed by the SHASS Academic Administrator and the Subcommittee on the Communication Requirement (SOCR) before the program proposal is submitted to the Dean of SHASS. In most cases, CI-M subjects are selected from among advanced subjects serving as CI-M subjects for related programs. For example, a student proposing a program in American Studies may want to include a subject that serves as a CI-M subject in the history major (Course 21H). Up to six subjects (72 units) may be used for both the major and the GIRs, but the units from those subjects may not count toward the 180 units required beyond the GIRs. In addition, no more than one subject that counts toward the distribution component of the HASS Requirement may also be counted toward the requirements of any program for this major. At least eight of the subjects required for the chosen program cannot also count toward another major or a minor.

### General Institute Requirements (GIRs)

The General Institute Requirements include a Communication Requirement that is integrated into both the HASS Requirement and the requirements of each major; see details below.

Summary of Subject Requirements	Subjects
Science Requirement	6
Humanities, Arts, and Social Sciences (HASS) Requirement [between three and six subjects can be from the Departmental Program. Only one subject being used to meet the distribution component of the HASS Requirement may be counted toward the degree program.]; at least two of these subjects must be designated as communication-intensive (CI-H) to fulfill the Communication Requirement.	8
Restricted Electives in Science and Technology (REST) Requirement	2
Laboratory Requirement (12 units)	1
<b>Total GIR Subjects Required for SB Degree</b>	<b>17</b>

### Physical Education Requirement

Swimming requirement, plus four physical education courses for eight points.

### Departmental Program

Choose at least two subjects in the major that are designated as communication-intensive (CI-M) to fulfill the Communication Requirement.

Required Subjects <sup>1</sup>	Units

<sup>10</sup> This chart has been calculated based on an overlap of 36 units (three subjects) between the HASS General Institute Requirement and the departmental requirements. Students who develop a program of study with more overlap will be able to select more unrestricted electives to meet the number of total units beyond the GIRs required for an SB degree.
