

## STUDY AT OTHER UNIVERSITIES

---

There are a number of opportunities for MIT undergraduates to study at other universities, including study abroad, domestic study away, and cross-registration programs with local universities. Students who spend a term or a year studying abroad or at another US university find that in addition to the intellectual benefit, they are enriched by day-to-day exposure to different cultural and/or social experiences, and upon successful completion of these courses typically receive transfer credit. Through the cross-registration programs students may take subjects not offered at MIT.
